

CTCI Foundation

2020 Talents Matchmaking Conference

for Oversea Graduate Students

i. Event Purpose :

CTCI Foundation is a non-profit organization founded in 1959. The event is aiming to help international graduate students to have a better understanding of Taiwan's working environment and recruitment culture. By cooperating with Inves Taiwan this year, we invited six high-quality domestic corporations to co-host a Talent Matchmaking Conference. International students are allowed to interact with companies' HR one on one, hence gaining the knowledge of career planning, internship programs, and other info like mandarin training or legal regulations about working in Taiwan, etc. They are thereby increasing their willingness to join domestic companies.
